Version Control (Git and Github)  
Paired Programming  
Working with RESTful API's  
Website Accessibility Requirements  
Effective Time Management  
Communication  
Route Planning

## Web Developer Profile

I am a web developer with experience in building projects using HTML, CSS and JavaScript. My background includes working on a data collection project for Google maps and I also have some experience in hospitality. From these roles I was able to develop other soft skills that are transferable to the role of a front-end developer including teamwork, collaboration and strong communication.

## Recent Projects

### Gif me some exercises!

[LIVE](#) | [REPO](#) - A web application that displays different exercises dependent on the user's search. The user is able to look up exercises that target a specific body part or require a particular piece of equipment.

- This project demonstrates a strong understanding of the React library and utilises API documentation.

### Choose Your Pokemon!

[LIVE](#) / [REPO](#) - A website application that allows the user to select a Pokemon and experience a battle style simulation against a computer.

- A collaborative project that introduces the use of JavaScript to add functionality to an app. In addition, this projects also utilises API documentation.

## Education and training

### Web Development Bootcamp, Juno College of Technology, Toronto

SEPTEMBER 2022 – DECEMBER 2022

A 12 week immersive boot camp experience learning the fundamentals of front end development. Students were expected to produce 4 projects during the course to demonstrate the skills they had learned throughout.

### German Studies, University of Warwick, Coventry

OCTOBER 2015 – MAY 2019

B.A (With Honours)

## Employment History

### Data Collector at TSMG Holding, London

MAY 2021 – SEPTEMBER 2022

- Collaborated with a remote team for 15 months with aims to enrich the experience of Google search users through highly effective operations by providing accurate Geo Data information.

- Travelled to different locations and businesses every week and collected locations scans in order to improve the accuracy of Google location services.

### Customer Service Representative at Papayaya Bromley, London

MAY 2019 – SEPTEMBER 2019

- Worked within a small team of waiters to provide attentive customer service during lunch and dinner services, all in accordance with exceptional health and safety standards by maintaining very high levels of cleanliness.
- Provided efficient restaurant service by taking orders over the phone and through the restaurant ordering system, ensuring each individual customer received their correct order in a efficient manner.
